IMPORTANT NOTE:

The import duty on these items fluctuates a lot from one day to the next - in order to agree on a set pricing structure with China and our supplier they have said that if we were to pay 50% up front then they would stand to the cost of the import duty on each order! Edge would therefore require 50% pre-payment of the total invoice upon receipt of order.

Lead Times - 6 Weeks from Receipt of Order and 50% Pre-Payment
